Your ref:

Dear Christine

Congratulations on successfully negotiating your recent Ofsted inspection. You must be pleased with the outcome and that the Ofsted team recognised so many good aspects within the school. In particular it was pleasing to see that you, your staff and governors have continued to achieve a good quality of education within the school since the previous inspection, in November 2010. As I read the inspection report the very good involvement of everyone concerned is evident and this is a real credit to you and your children. I know we were delighted to see so many strengths in the school.

The new inspection regime is a very different type of exercise for our schools and we are very conscious of how much good work is being done to guarantee improved experiences and life chances for our children and young people.

May we take this opportunity to thank you for your efforts and to encourage you to even greater success in the future. Please send our congratulations and thanks to the children, staff, governors and parents.

Yours sincerely
