

APEXTRA

Hi Everyone

Here at Apextra we've been continuing to develop our family learning provision so that you can access it at home. We offered this programme to over 120 families through the Summer term and lockdown.

We have funding to deliver this wonderful, free opportunity to 65 families.

We've called the programme '**Let's Get Through This Together 2**' and it will have a different topic each week that will be of interest to you and your child.

We are giving you an activity box full of essential stationery to complete the programme as well as different activities and worksheets, delivered to your door each week.

Unfortunately if you have already participated in any of our courses this is not available to you.

If you want to find out more then please email me at dhepplewhite@apextra.co.uk or ring 07747832225.

Stay Safe
Denise
