

# A wish upon a star

At this point in the Nursery year, we would usually invite you to come into Nursery to decorate a star with your children and for you to write a wish that you have for your child whilst they are with us in Nursery.

Unfortunately, due to the current risk assessments, this just isn't possible and we have considered doing this outdoors but we can't guarantee the weather. So, we are going to make some packs up to send home with your children over the coming weeks.

We will send the star, some glue and some gorgeous sparkly crafty materials and we would like you to decorate one side of the star and write a wish for your child on the reverse. We would love it if you took some photos whilst doing this together and sent them to [parentshare@ryhopeinfantschool.org.uk](mailto:parentshare@ryhopeinfantschool.org.uk)

Then, when your star is complete please send it back to us and we will display it with our reach for the stars board. We promise to send a picture of the finished stars when they are all up!

The wishes are nothing to worry about - it can be whatever you want your child to achieve whilst they are with us. Previous wishes have included; making new friends, learning to go to the toilet, learning to write their name, to be able to share with other children.

If you have any questions about this then please come and see Mrs Scott or Mrs Carroll.
