

## SUPER SINGERS!

Tune: Pop goes the weasel

Head and nose and shoulders and toes,  
Legs and arms and fingers,  
Bend and stretch and wriggle and shake,  
We're super singers!

Stamp your feet down onto the floor,  
Clap your hands together,  
Hold your breath - and blow it out - ooooooh!  
Light as a feather.

Head and nose and shoulders and toes,  
Legs and arms and fingers,  
Bend and stretch and wriggle and shake,  
We're super singers!

Bend your knees then turn around,  
Clap your hands together,  
Hold your breath - and blow it out - ooooooh!  
Light as a feather.

Head and nose and shoulders and toes,  
Legs and arms and fingers,  
Bend and stretch and wriggle and shake,  
We're super singers!

Hands on waist and wiggle your hips,  
Clap your hands together,  
Hold your breath - and blow it out - ooooooh!  
Light as a feather.
