

## Catch up Premium Plan 2020 – 2021

Summary information					
School	Ryhope Infant School Academy				
Academic year	2020 - 2021	Total catch up premium	£10,760	Number of pupils	128

Guidance	
<p>Children and young people across the country have experienced unprecedented disruption to their education as a result of coronavirus (COVID-19). Those from the most vulnerable and disadvantaged backgrounds will be among those hardest hit. The aggregate impact of lost time in education will be substantial, and the scale of our response must match the scale of the challenge.</p> <p>Schools' allocations will be calculated on a per pupil basis, providing each mainstream school with a total of £80 for each pupil in years reception through to 11.</p> <p>As the catch-up premium has been designed to mitigate the effects of the unique disruption caused by coronavirus (COVID-19), the grant will only be available for the 2020 to 2021 academic year. It will not be added to schools' baselines in calculating future years' funding allocations.</p>	
Use of funds	EEF recommendations
<p>School should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the guidance on curriculum expectations for the next academic year.</p> <p>Schools have the flexibility to spend their funding in the best way for their cohort and circumstances</p> <p>To support schools to make the best use of this funding, the Education Endowment Foundation (EEF) has published a coronavirus (COVID-19) support guide for schools with evidence-based approaches to catch up for all students. Schools should use this document to help them direct their additional funding in the most effective way.</p>	<p>The EEF advises the following:</p> <p>Teaching and whole school strategies</p> <ul style="list-style-type: none"> <li>• Supporting great teaching</li> <li>• Pupil assessment and feedback</li> <li>• Transition support</li> </ul> <p>Targeted approaches</p> <ul style="list-style-type: none"> <li>• One to one and small group tuition</li> <li>• Intervention Programmes</li> <li>• Extended school time</li> </ul> <p>Wider strategies</p> <ul style="list-style-type: none"> <li>• Supporting parent and carers</li> <li>• Access to technology</li> <li>• Summer support</li> </ul>

Identified impact of lockdown	
Reading	<p>Children accessed reading during lockdown due to the Bug Club Online Library. This is something that was more accessible for families. However children are less fluent in their reading and the gap between those children that read during lockdown and those children who did not access reading materials has widened.</p>

Phonics	Phonics lesson were recorded and shared on the Dojo app. Phonics activities were also planned for daily however there is a gap between the pupils who accessed phonics lesson in school and those accessing them at home.
Writing	Many children working from home have not engaged in practising various writing skills. Specific knowledge has not been embedded/covered and in some children, this has led to a lack of fluency with their handwriting, spelling and structure. Poor letter formation/handwriting has been identified. Those who have maintained writing throughout lockdown are less affected, however those who did not have access to regular writing opportunities have needed to work additionally hard on writing stamina.
Maths	Children still have an appetite for mathematics and lockdown has not affected their attitudes as much as reading and writing however there are clear gaps in learning identified through baseline assessments. Recall of basic skills has been impacted. This is reflected in mathematics assessments.
Other subjects	There are some significant gaps in knowledge, children are less able to access pre-requisite knowledge when learning something new and they are less likely to make connections between concepts and themes throughout the curriculum. Children have also missed out on the curriculum experiences e.g. trips, visitors, powerful curriculum moments.

Planned expenditure – (The headings below are grouped into the categories outlined in the Education Endowment Foundation’s coronavirus support guide for schools)				
(1) Teaching and Whole-School Strategies				
Desired outcomes	Chosen approach and anticipated cost	Impact	Staff lead	Review
Ensure Quality First Teaching across the curriculum ensuring broad and engaging learning experiences.	Specific CPD to address any areas staff feel less confident at planning and delivering. Subject leaders to have additional management time to monitor the impact of their subject, identify gaps and support staff to close those gaps.	Staff will feel confident delivering a broad and balanced curriculum. Subject leaders will have a clear overview of their subject understanding the strengths and areas for development and working with staff to strengthen	Subject leaders HT DHT	Each half term

		their subject knowledge.		
<b>Cost</b>	<b>£1800</b>
